

Activity 2: When I'm Someone's Audience

Think about five or six behaviors you would consider "respectful" if someone you did not know (or did not know well) came to you with instructions for a project or a request for assistance.

- What behaviors (or appearances, attitudes or specific comments) would likely engage your help and cooperation?
- What behaviors, appearances, attitudes or comments would put you off or initially create resistance?

Behaviors or Attitudes likely to ENGAGE you and GAIN your cooperation or participation.	Behaviors or Attitudes likely to DISENGAGE you or make your cooperation less likely.
